Olympic Charter Nationality of Competitors

Bye-law to Rule 42

- 1. A competitor who is a national of two or more countries at the same time may represent either one of them, as he may elect. However, after having represented one country in the Olympic Games, in continental or regional games or in world or regional championships recognised by the relevant IF, he may not represent another country unless he meets the conditions set forth in paragraph 2 below that apply to persons who have changed their nationality or acquired a new nationality.*
- 2. A competitor who has represented one country in the Olympic Games, in continental or regional games or in world or regional championships recognised by the relevant IF, and who has changed his nationality or acquired a new nationality, may participate in the Olympic Games to represent his new country provided that at least three years have passed since the competitor last represented his former country. This period may be reduced or even cancelled, with the agreement of the NOCs and IF concerned, by the IOC Executive Board, which takes into account the circumstances of each case.*

The ICF kindly asks you to inform the athlete regarding the eligibility to compete for your Federation. Please also advise the athlete on the eligibility rules in the ICF Competition Rules. Should you require further information or assistance, please do not hesitate to contact the ICF.
